

MELETTI AMARO

PRODUCER: MELETTI

The Meletti Family has been producing extraordinary hand crafted cordials for generations. Silvio Meletti started the company in 1870 when he endeavored to produce an anise-flavored liqueur that would rival or surpass the best products of Italy and France. Through study and experimentation, Silvio developed innovative techniques and equipment.

As with any great product, the quality of the ingredients is what sets the best above the masses. Today, Silvio Meletti's sons, Aldo and Silvio, continue to select only the finest herbs and botanicals for all of their products. In fact, to insure the highest quality they grow many of the ingredients on their own estate.

DESCRIPTION:

Meletti Amaro is made from a unique, proprietary blend of herbs and botanicals. The flavors of these carefully selected ingredients are obtained through the cold-extraction process known as percolation. The process is similar to brewing coffee. Much like a coffee pot, an assortment of ingredients is placed in the upper section of the still, and alcohol flavored with additional ingredients is pumped over and through it. This pumping and percolation is repeated continuously until the Meletti family determines the Amaro is ready to be filtered and bottled. Meletti Amaro is a delightfully aromatic liqueur that is excellent after a meal as an aid to digestion.

This is the perfect after dinner drink. Amaro is the quintessential "digestivo".
